Speech Ease

# Medicare Rebates

**Do you have concerns about your child's speech, language and literacy abilities?**

Your child may be eligible for rebates under the **Chronic Disease Management (CDM) Plan.** Formally known as Enhanced Primary Care (EPC).

## Step 1 - Visit your GP

- Your child may be eligible for Medicare rebates if they are considered to have Chronic Care needs.
- Your GP determines if your child is eligible, and prepares a CDM plan if applicable.

## Step 2 - Get a CDM Plan

- You can use the CDM plan to visit a Speech Pathologist and/or other allied health profession (Occupational Therapist, Psychologist).
- Please note CDM plans are for individual sessions only, not group therapy.

## Step 3 - Take your CDM Plan to your Speech Pathologist

- As of May 2024, a rebate of $58.30 is to be refunded per session.
- The Medicare rebate is available for 5 sessions per calendar year.
